

## GENERAL BUSINESS:

### 1. New Members:

Phil R received a call from Laura and another call from Ian both are interested in joining our group and hopefully will be attending our June 2026 meeting.

### 2. Grants and Donations:

No grants submitted or fundraising performed this month.

### 3. PNSG Internal Audit (April 2026):

- a. Phil R completed an internal audit in April and presented what he had found to the attendees of the meeting. The purpose of the audit was to see how well PNSG Inc is following legal requirements and its own rules.
- b. There's quite a bit of "PNSG Inc admin" work to do and will take quite a few hours (135 hours est.) and money to bring us up to date.
- c. It was discussed that although "Incorporation" is a fantastic tool that can be utilised by any organisation to grow their success, however, incorporation is expensive and time-consuming to maintain and to comply with legislation by following the legal rules.  
The question is does PNSG Inc really need it?  
The meeting attendees considered that having incorporation is not required as we as a group have insufficient volunteer "hours" available to do the upkeep of work necessary on an ongoing basis.
- d. At the meeting it was decided that Phil R will ask members who did not attend the meeting by email or text message for their views.

**N.B.** Several interesting alternatives have emerged in between our May meeting and writing this newsletter.  
Stay tuned as we hope to have more information in the next month or so.  
There may be a knight (or knightess) in shining armour about to ride over the horizon and single-handedly save "our" day.

### 4. Peripheral Neuropathy Support Group - South Australia:

Peter H's group in South Australia has decided they do NOT wish to operate under and comply with an "incorporate" charity (as we are). Sadly, this means Peter's group will stay a "Peer Support Group" with the primary focus on informal gatherings with a guest speaker as and when possible.

All members in Peter's peer group who have paid their annual subscription to PNSG Inc remain a member and will continue to receive the benefits the same as any other PNSG Inc member.

We wish Peter's peer group all the best. PNSG Inc and Peter's group have agreed to stay in touch and share information when helpful.

Peter's holding the April 2026 South Australian meeting on Wednesday 22nd April 2026.

As they meet in a splendid coffee shop /ice-cream parlour I guess they're likely to indulge in the local fare!

## 5. Assistant Chair Position:

Phil R. said to meet ACNC (Australian Charities and Not-for-profits Commission) and NCWA (Neurological Council of WA) expectations PNSG needs to officially source and vote in an Assistant Chairperson to stand in temporarily for Phil R. (Chair) when Phil R. is not available.

Phil R. asked at the meeting if there are any takers.

No-one volunteered to fill the vacant position of Assistant Chair.

## 6. Dr Prax:

Dr Prax and his team continue to support us by sending Phil R some interesting articles which Phil R will endeavour to distribute to members over the next week or so.

## 7. Emails:

Just so that you know...

If PNSG Inc sends you an email and you do *not* open it *before you* delete it or you take more than 3 days to open an email, then Microsoft considers the email to be worthless to you. Furthermore, the email will be considered as “spam.” or worse.

Microsoft servers keep tabs on this stuff and will label PNSG Inc as “spammers” and will place PNSG Inc emails to the back of the queue and take forever to deliver future PNSG Inc emails to you.

But wait there’s more...

If PNSG Inc sends an email (including newsletters) to an email address that has changed or in any way no longer in use, then Microsoft (and possibly the other big boys too) will consider PNSG Inc to be “unhygienic” as PNSG Inc is responsible for keeping its member’s email address up to date. Being labelled as “unhygienic” means Microsoft (and possibly the other big boys too) will treat us like scum and delay sending future PNSG Inc emails and possibly not sending any emails from PNSG Inc at all (not only to the emails addresses that have changed or have been deleted.)

So, P L E A S E if you receive an email from PNSG Inc and it’s of little importance to you *open* it and *then* delete it and don’t just delete it first.

Also, if you change your email address for any reason then let us know the change.

If you never want to receive any emails in the future, then let Phil R know and he’ll arrange to have your email address removed from the official PNSG Inc Register.

***On a lighter note...***

Impress her with something expensive

(Thanks to Dan D. for this gem.)

Who would want a pink diamond when you could have 10 litres of diesel?

(Hey girls, take note it's a 20-litre plastic jerry can but look closely... there's only 10 litres in it!)

**Why do golfers wear two pairs of pants?**

In case they get a hole in one.

**Where do birds go on vacation?**

Someplace cheep.

What's the best way to spot a baby snake? Listen for its rattle.

Why did the rabbit go to the salon? It was having a bad hare day.

(It must be "Dad's Jokes Day" today.)

**What do you  
give a thirsty  
crocodile?**

Gater-aid.

I'm afraid of lifts, so I take steps to avoid them.

Why shouldn't you play cards with big cats?  
Because sometimes they're cheetahs.

**Did you hear  
about the frog  
that lost  
its car?**

Apparently,  
it got toad.

**Why can't  
you tell pigs  
secrets?**

Because they  
always squeal.

What's the best way to attract a squirrel?  
Act like you're a nut.

What did one eye say to the other?  
"Between you and me, something smells."

Thank you and good night!
